

## Regular Village Board Meeting Agenda

March 7, 2023 – 6:00 pm  
Village Hall, 235 Hickory Street, Pewaukee, WI 53072

To view the meeting live: <https://youtube.com/live/fD2YZQgshvM?feature=share>

1. Call to Order, Pledge of Allegiance, Moment of Silence and Roll Call.
2. Public Hearings/Presentations. – None.
3. Approval of Minutes of Previous Meeting.
  - Minutes of the Regular Village Board Meeting – February 7, 2023
4. Citizen Comments. – *This is an opportunity for citizens to share their opinions with Board Members on any topic they choose. However, due to Wisconsin Open Meeting laws, the Board is not able to answer questions or respond to your comments. All comments should be directed to the Board. Comments are limited to 3 minutes per speaker. Speakers are asked to use the podium and state their name and address.*
5. Ordinances. – None.
6. Resolutions. – None.
7. Old Business. – None.
8. New Business.
  - a. Discussion and Direction on Proposed Changes to Residential Infill Overlay District
  - b. Discussion and Possible Action Regarding Closing Village Hall on Monday, July 3<sup>rd</sup>, 2023
  - c. Discussion and Direction on Regular “Class B” Liquor Licenses and “Class B” Reserve Licenses Related to State Quota Limits
  - d. Discussion and Direction on Email Newsletter Options
  - e. Discussion and Possible Action on Proposal for Professional Engineering Services for 1010 Quinlan Drive Water Reservoir Rehabilitation
  - f. Update on Fire and EMS Fee Research and Fire/EMS Contract
  - g. Monthly Approval of Checks and Invoices for all funds – January 2023
9. Citizen Comments. – *This is an opportunity for citizens to share their opinions with Board Members on any topic they choose. However, due to Wisconsin Open Meeting laws, the Board is not able to answer questions or respond to your comments. All comments should be directed to the Board. Comments are limited to 3 minutes per speaker. Speakers are asked to use the podium and state their name and address.*
10. Closed Session. – The Village Board of the Village of Pewaukee will enter into closed session pursuant to Wis. Statute Section 19.85(1)(e) for the purpose of deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, specifically regarding Riverside Preserve Developers Agreement and regarding a consulting services agreement with Baker Tilly US, LLP.

## **Regular Village Board Meeting Agenda**

11. Reconvene Into Open Session.
  - a. Possible Action on Riverside Preserve Developers Agreement
  - b. Possible Action on Consulting Services Agreement with Baker Tilly US, LLP
  
12. Adjournment.

Note: Notice is hereby given that a quorum of a Village Committee and/or Commission may be present at the Village Board meeting, and if so, this meeting shall be considered an informational meeting of that Committee or Commission and no formal action of that Committee or Commission shall occur. Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. To request such assistance, contact the Village Clerk at 262-691-5660.

Posted March 3, 2023

**VILLAGE OF PEWAUKEE  
VILLAGE BOARD MINUTES  
February 7, 2023**

VB 2.7.2023

**1. Call to Order, Pledge of Allegiance, Moment of Silence, and Roll Call**

President Knutson called the meeting to order at approximately 6:00 p.m. The Pledge of Allegiance was recited, followed by a moment of silence.

Roll Call was taken with the following Village Board members present: Trustee Bob Rohde, Trustee Kelli Belt, Trustee Chris Krasovich, Trustee Jim Grabowski; Trustee Craig Roberts; and President Jeff Knutson. Trustee Ed Hill was excused.

Also Present: Village Attorney, Mark Blum; Village Administrator, Scott Gosse; Village Planner, Mary Censky; Director of Public Works, Dan Naze; Police Chief, Timothy Heier; Village Clerk, Cassie Smith.

**2. Public Hearings/Presentations - None**

**3. Approval of Minutes of Previous Meeting**

- a. Minutes of the Regular Village Board Meeting – January 17, 2023

**Trustee Krasovich moved, seconded by Trustee Rohde to approve the January 17, 2023 minutes of the Regular Village Board meeting as presented.**

**Motion carried 6-0.**

**4. Citizen Comments**

Troy Jilot N26W22105 Glenwood Ln – Mr. Jilot mentioned that the new business in agenda item ‘a’ (Kiwanis Special Event) is the same as in past years. The only change is to extend tent removal through noon on Sunday.  
Jodi Zelinger 538 Kopmeier Dr – Ms. Zelinger asked that the Village start hiring for weed harvesting and raise the wages. She inquired if the Village can get more efficient harvesting equipment.

**5. Ordinances**

- a. **Possible Action on Ordinance No. 2023-01, Ordinance to Amend the Official Zoning Map of the Village of Pewaukee to Change the Zoning of PWV 0883-993-200 from B-1 Community Business District to B-1 Community Business District with Housing for the Elderly Overlay Zoning**

Administrator Gosse stated that this item was deferred from the January 17 meeting. Additional information was reviewed related to the number of EMS calls. There were 91 calls total 10% of the total Village calls. Trustee Rohde explained that at the last meeting, he was concerned with this matter due to the expense of the future EMS contract which has been eliminated due to the implementation of a Fire/EMS fee and he stated that he no longer has this concern.

**Trustee Roberts moved, seconded by Trustee Grabowski to approve 2023-01 to Amend the Official Zoning Map of the Village of Pewaukee to Change the Zoning of PWV 0883-993-200 from B-1 Community Business District to B-1 Community Business District with Housing for the Elderly Overlay Zoning as Presented.**

**Motion carried 6-0.**

**6. Resolutions – None.**

**7. Old Business – None.**

**8. New Business**

**a. Discussion and Possible Action on Special Event Permit Application for Kiwanis Beach Party** VB 2.7.2023

Gosse stated the event is consistent with years past other than the tent removal. Kiwanis asks that the time for tent removal be moved from 9am to 12pm on Sunday.

**Trustee Grabowski moved, seconded by Trustee Rohde to Approve the Special Event Permit for Kiwanis Beach Party Event on June 23 through June 24, 2023, as Presented Including Extending the Tent Removal to Noon on Sunday, June 25, 2023.**

**Motion carried 6-0.**

**b. Discussion and Possible Action on Shore Conveyor Purchase**

Naze explained that the purchase of the shore conveyor has been budgeted in the amount of \$75,000. The updated quote came in under budget at \$54,150. The new style conveyer has some efficiencies the current conveyor doesn't have. It is unknown if the Village will be approved for the DNR grant application and part of the grant requirement is to not pay the 50% down payment until the grant has been issued. This may cause a delay in the order due to the requirement per the vendor to pay 50% at the time of order.

**Trustee Krasovich moved, seconded by Trustee Grabowski to approve the Purchase of the Shore Conveyor as Presented.**

**Motion carried 6-0.**

**c. Discussion and Possible Action on Proposed Aquatic Plant Policy Revisions**

Krasovich stated that two changes regarding the DNR mechanical harvesting permit term and guidance from the Lake Management Plan for Pewaukee Lake were updated. The third edit is to provide clarification on the timeframe of the last pile pickup for the Village section on the lake. The updated policy states that the last pickup will be the week after the last Sunday in September. Village harvesting equipment will be removed after the last collection. Belt asked that the areas of concern regarding employee breaks and inefficiencies be addressed as part of the onboarding process. Trustee Rohde stated that Park and Recreation are aware of the weed problem at the boat launch and Director Phalin is working with Beachside Boat and Bait to continue their work to maintain this area.

**Trustee Krasovich moved, seconded by Trustee Roberts to accept the Updated Aquatic Plant Policy as Presented.**

**Motion carried on a roll call vote, 6-0.**

**d. Discussion and direction regarding increasing the parking fine for the violation of the 1-hour parking and/or a penalty adder for vehicles parked with a trailer while in violation of the 1-hour parking**

Trustee Grabowski explained that he is looking for discussion regarding the area around the boat launch, the deterrent of \$20 not to park in the area is not steep enough. The Village Board discussed raising the parking ticket citation cost, implementing tow-away zones, and changing the ordinances to read that the citation is per stall; not per vehicle. The consensus was for Trustee Grabowski to look into different options and bring those back to the Village Board.

**e. Discussion and direction of the Board to explore potential costs/revenue from creating a metered parking zone in the downtown B-2 district street parking**

Trustee Grabowski explained that he is exploring potential meters for the downtown area. If favored by the Village Board he will bring information back at a later date. Discussion followed regarding the downtown capstone project and the implications it may have on the parking area. The consensus was to proceed with research on a metered parking zone. Trustee Krasovich asked that the businesses be polled for their opinions.

**f. Alcohol Licenses**

**a) Temporary Class "B" Retailers License for Kiwanis Beach Party**

**Trustee Rohde moved, seconded by Trustee Krasovich to Approve the Temporary Class "B" Retailer's License for the Annual Pewaukee Kiwanis Beach Party Event to be Held on June 23-24, 2023 at the Pewaukee Lakefront Park.**

**Motion carried 6-0.**

**b) Agent Change for Liquor License Holder – Costco**

**Trustee Roberts moved, seconded by Trustee Grabowski to approve Steven Tefend as the new Agent for Costco**

located at 443 Pewaukee Rd, Pewaukee, WI 53072.  
Motion carried 6-0.

VB 2.7.2023

**g. Discussion Regarding Interaction and Behavior of Village Board Members and General Public During Meetings**

Discussion regarding the Village Board recording meetings and the potential that claims may be made. The Village Board needs to be proactive to indicate that those comments are not of the Village Board.

**9. Citizen Comments**

None

**Closed Session.** – *The Village Board of the Village of Pewaukee will enter into closed session pursuant to Wis. Statute Section 19.85(1)(e) for the purpose of deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, specifically regarding Laimon Family Lakeside Park lease agreements; and Riverside Preserve Developers Agreement.*

**Trustee Rohde moved, seconded by Trustee Roberts to move into Closed Session at approximately 6:43 p.m.  
Motion carried on Roll Call vote, 6-0.**

**10. Reconvene into Open Session**

**Trustee Grabowski moved, seconded by Trustee Roberts to reconvene into Open Session at approximately 7:21 p.m.**

**Motion carried on Roll Call vote, 6-0.**

**a. Possible Action on Laimon Family Lakeside Park Commercial and Residential Lease Agreements**

**Trustee Grabowski moved, seconded by Trustee Roberts to Approve Laimon Family Lakeside Park Commercial and Residential Lease Agreements as Presented.**

**Motion carried, 6-0.**

**11. Adjournment**

**Trustee Roberts moved, seconded by Trustee Krasovich to adjourn the February 7, 2023 Regular Village Board meeting at approximately 7:22 p.m.**

**Motion carried 6-0.**

Respectfully Submitted,

Cassandra Smith  
Village Clerk

To: Jeff Knutson, President  
Village Board

From: Scott A. Gosse  
Village Administrator

Date: February 28, 2023

Re: Agenda Item 8a, Discussion and Direction on Proposed Changes to Residential Infill Overlay District

---

### **BACKGROUND**

This matter is on the agenda at the request of Trustee Hill. Attached for your review and information please find a copy of the current Residential Infill Overlay District language with proposed changes noted in **blue text** (pages 3, 4 and 5). Additionally, Trustee Hill has provided copies of photos of some homes in The Glen at Pewaukee Lake development, which was approved under the residential infill overlay district ordinance, to assist with his discussion of this matter. Staff will look to Trustee Hill to facilitate the discussion on this matter with staff present to address any questions on the proposed changes in relation to the current code language. Planner Mary Censky is anticipated to be in attendance at the meeting to assist with any questions on this matter. Please note that Mary's comments related to the proposed edits from Trustee Hill are noted in **red text**.

### **ACTION REQUESTED**

The action requested of the Village Board is to review the information presented and to provide direction on this matter.

### **ANALYSIS**

The edits proposed by Trustee Hill are in the following sections and noted in ***bold italic blue***:

- 40.367.4 ADD #7
- 40.367.5 several edits
- 40.367.7
- 40.367.8

Attachments

## STAFF REPORT

To: Village of Pewaukee Village Board

By: Mary Censky

Date Prepared: February 22, 2023

### **General Information:**

**Agenda Item: 8.a.**

**Applicant:**

N/A

**Status of Applicant:**

Village initiated item

**Requested Action:**

Discussion and Direction on  
Proposed Changes to Residential  
Infill Overlay District.

---

### **Discussion:**

The Residential Infill Overlay District was created/adopted by the Village in 2020. Since its adoption, the Village has approved two separate plats under this District – The Glen at Pewaukee Lake Final Plat where infrastructure improvements are essentially complete and home construction is well underway already, and the Riverside Preserve Preliminary Plat.

The Glen at Pewaukee Lake project is now providing an opportunity to observe how the specific bulk, spatial, density,... regulations of this District translate, tangibly, in the field.

Trustee Hill has made several specific suggestions for changes to be made/considered for this District. Please see “Planner Remarks” in red below as to the specific questions/suggestions raised.

***DIVISION 18.5. RESIDENTIAL INFILL-REDEVELOPMENT OVERLAY DISTRICT<sup>1</sup>***

**Sec. 40.367.1. Purpose; authority; control.**

**Planner Remarks.**

This purpose statement clearly summarizes the Village's original motivation for creating this unique district with limited applicability. See also Section 40.367.5, paragraph 2 – below.

- (1) The residential infill-redevelopment overlay district is intended to permit single-family residential infill and/or redevelopment projects at a slightly higher density (smaller minimum lot size) than the village's standard single-family residential zoning districts and which also permits limited shared/common building walls among residences. Target locations for this overlay district to be applied may include sites where current or previously existing, often times non-single-family-residential type land uses may be/been situated on properties that are closely comingled within existing single-family residential use neighborhoods and where a resumption, modification or intensification of the prior or current non-single-family-use(s) is no longer necessarily desired based upon potential land use incompatibility issues, concerns about impact on available public services and facilities, ...and similar. These prospective infill-redevelopment sites/uses might now be phasing out of their former uses and into development/redevelopment opportunities where the village believes it would be beneficial to incentivize use conversion to single-family residential type use by offering this slightly higher density residential development opportunity in order to promote this option in pursuit of better synergy among land uses.

To that end, this residential infill-redevelopment overlay district purposefully offers greater flexibility of overall development design with the benefits from such design flexibility intended to be derived by both the developer and the community by encouraging greater consistency/compatibility among land uses within the immediately surrounding area.

Concurrent with any request for rezoning to include this overlay district shall be a request for rezoning of the base zoning district to the R-5 single family residential district if this is not already the case.

(Ord. No. 2020-14, § I(40.001), 10-20-2020)

**Sec. 40.367.2. Permitted uses.**

- (1) Any permitted use listed in the underlying base zoning district and subject to all of the zoning requirements set forth in that underlying district.
- (2) Single-family residential dwellings (i.e. one dwelling unit per building) subject to all of the zoning regulations set forth in this residential infill-redevelopment overlay district.

(Ord. No. 2020-14, § I(40.002), 10-20-2020)

---

<sup>1</sup>Editor's note(s)—Ord. No. 2020-14, § I, adopted October 20, 2020, set out provisions intended for use as Division 18.5, §§ 40.001—40.013. For purposes of maintaining the numbering style of the Code, and at the editor's discretion, these provisions have been included as set out herein.

---

### **Sec. 40.367.3. Minimum project size/area.**

Not less than five contiguous, developable, project acres shall be required before the residential infill-redevelopment overlay district may be applied to any project/property.

(Ord. No. 2020-14, § 1(40.003), 10-20-2020)

### **Sec. 40.367.4. Permitted accessory uses/structures.**

- (1) Private garages and paved parking areas as accessory uses/structures shall be allowed provided that no garage may be erected prior to the erection of the principal building to which it is accessory.

Garages shall conform to the following:

- a. Each new single-family residential dwelling unit shall have at least one enclosed garage structure not less than 240 square feet in area (i.e. a one-stall garage) and not greater than 740 square feet (i.e. a three-stall garage). No detached garage structure may exceed 500 square feet in area. There shall be no more than one garage structure on any property.

All garages shall have direct and paved driveway access (not less than 8 feet in width) extending to each overhead vehicle access door(s) of the garage from a designated adjacent public or private road or alleyway. All paved parking and/or drive surfaces shall be offset from the side and rear lot lines by not less than three feet. Garages are not to be used for any dwelling, home office, home occupation, or business use of any sort. Driveway paving shall be completed within 12 months of the garage construction being completed.

Detached garages may not be situated closer to the street than the principal residence.

Every lot shall have/have access to not less than two paved, off-street vehicle parking spaces, at least one of which must be enclosed (ref. section 40.367.4.(1)(a) above). The other(s) may be located either onsite or within 100 feet of the lot.

- (2) Accessory fences may be permitted in this district subject to the following conditions:

Fencing on all lots within a proposed residential infill-redevelopment overlay district development should be uniform or coordinated as to design type, materials, permitted locations, heights and colors. To this end, all project development plans submitted for review/consideration under this overlay district shall include a detailed written and plan(s) based explanation as to fencing intended to be allowed within the development, if any. Without an approved development-wide fencing plan, no fencing is permitted in this overlay district. Section 40.422(c) of the land development code shall not apply to this overlay district.

- (3) Swimming pools are not permitted in this overlay district without prior planning commission approval of a development-wide swimming pool permissions and restrictions plan. Section 40.422(e) of the land development code shall not apply in this overlay district.

- (4) Home occupations and professional offices which are clearly incidental to the principal residential use and subject to the following conditions:

- a. The home occupation shall be carried on wholly within the principal residential building and only by residents occupying the premises.
- b. No article or service shall be sold or offered for sale on the premises.
- c. The home occupation shall not generate customer or client traffic to the residential premises.

- 
- d. Any off-street parking area shall be paved and adequately screened from adjoining residential properties.
  - e. The home occupation shall not include the conducting of any retail or wholesale business on the premises, nor the removal of sand, gravel, stone, topsoil or peat moss for commercial purposes.
  - f. The home occupation shall not include outside parking/placement/storage of materials, equipment, vehicles or supplies or any other operational activity resulting in offensive noise, vibration, smoke, dust, odors, heat, glare, visual obstruction/unsightliness or similar adverse impacts which may create a nuisance or be otherwise incompatible with the surrounding residential area.
- (5) Non-storage related passive use type accessory structures normally accessory to a residential use (i.e., gazebo, garden arbor, trellis', and similar...), shall be permitted in any yard and shall be setback not less than 20 feet from the front lot line and offset from the side and rear lot lines no less than five feet. Non-storage related active type accessory structures normally accessory to a residential use (i.e. swing-set, jungle gym, game court, and similar...) shall be permitted in the rear yard only and shall be offset from the side and rear lot lines no less than five feet.
- (6) Accessory storage structures are not permitted in this residential infill-redevelopment overlay district, except in lieu of a detached garage on the property in which case one accessory storage structure may be permitted in the rear yard, up to 192 square feet in area and offset from the side and rear lot lines not less than five feet. Accessory storage structures are not required to have driveways.

(Ord. No. 2020-14, § I(40.004), 10-20-2020)

***(7) An enclosed designated area shall be provided for storage of garbage and recycling bins.***

**Planner Remarks.**

*Existing Village Code. Sec. 74.116. - Placing of materials for collection.*

*"No garbage can or trash container shall be kept upon or adjacent to any street, sidewalk, parkway, front yard, side yard or other place within the view of persons using the Village of Pewaukee streets and sidewalks; except that:*

- (1) Placing for collection. Not earlier than noon on the day preceding that upon which garbage and refuse collection are customarily made from such premises, such garbage cans and trash containers shall be placed within six feet of the street or just inside the curb for the purpose of permitting the collection of garbage and refuse from such containers, and such garbage cans and trash containers shall be removed from such place on the same day collection is made".*

Possible alternate language might read that "Garbage or trash containers shall, at all times, be placed or stored in full compliance with [Section 74.116](#) of the Village Code, including as to any private streets or private drives within a development approved under this Residential Infill-Redevelopment Overlay District zoning.

**Sec. 40.367.4a. Conditional uses.**

Projects which include a mixing of multiple principal uses provided the proposed uses are among those listed, either as permitted or as conditional uses, in the underlying base zoning district and this residential infill-redevelopment overlay district.

- (1) "Private neighborhood-based clubhouse with or without indoor and/or outdoor recreational facilities" subject to the following requirements:
  - a. The building(s) land and facilities associated with the clubhouse use shall be owned and operated by a corporation, association, person or persons, for a social, educational, entertainment or recreational purpose and to which membership is required for use and participation and not operated to render a service that is customarily carried on as a business. The village attorney shall review and approve copies of the proposed covenants and restrictions of the

---

Created: 2022-02-15 15:57:25 [EST]

(Supp. No. 12)

ownership/association describing the intended use, care and operating plans for "private neighborhood-based clubhouse with or without indoor and/or outdoor recreational facilities".

- b. Membership shall be limited to the owners of a specifically defined set of benefitting lots and or units within a neighborhood level boundary contiguous the clubhouse property.
- c. The clubhouse may not be occupied for residential dwelling or business purposes [ref paragraph a. above] except, when approved by the planning commission and for a limited time only, as a model/sales center if the clubhouse is located in a new and developing neighborhood.
- d. The building scale and the architectural style/materials/colors shall be consistent with the surrounding buildings within the neighborhood. All buildings must comply minimally with the residential design standards as set forth in Chapter 40, Article IX, Division I, Section 40.436 of the Village Code.
- e. All structures shall meet the setback, offset, open space, maximum building coverage ratio and height regulations of the R-5 district with residential redevelopment infill overlay district attached.
- f. Sufficient parking shall be supplied onsite for owner and guest parking. Landscaping shall be used to minimize the view of the parking lot from the street.
- g. Exterior lighting and landscaping shall be subject to the planning commissions review and approval taking into consideration such special needs as screening the use from neighboring lots/units, preventing light trespass or glare issues, the general landscaping characteristics of the neighborhood.
- h. The proposed hours of use for the private neighborhood-based clubhouse, including the surrounding property and the facilities shall be subject to review and approval of the planning commission bearing in mind the residential characteristics of the neighborhood.
- i. Outdoor recreational and gathering facilities shall be subject to review and approval of the planning commission as to suitability within a residential neighborhood and more specifically their proposed spatial placement within the property. Suitable uses would not include uses that may have an adverse impact on the peace and quiet of the immediately surrounding neighbors or the village as a whole in terms of such things as, but not necessarily limited to, noise, traffic, light trespass, glare.
- j. Use of the private neighborhood-based clubhouse, including the surrounding property and the facilities, shall be exclusive to the members and their guests.

(Ord. No. 2020-14, § I(40.005), 10-20-2020; Ord. No. 2021-08B, § 1, 6-15-2021)

Editor's note(s)—At the direction of the village this section has been renumbered as 40.367.4a. to avoid the duplication of section numbers.

### **Sec. 40.367.5. Single-family residential density limits.**

The minimum required average lot area<sup>1</sup> per single-family residence shall be ~~8,500~~ **9,000** square feet.

The village may permit an average lot area<sup>1</sup> as low as ~~7,500~~ **8,000** square feet per single-family residence for redevelopment projects. In this instance, redevelopment projects are defined as development projects where all or at least a substantial percentage (as determined by the village) of the existing improvements value of a property is razed and removed and replaced with new construction. Village approval of the ~~7,500~~ **8,000** square foot average lot size as described above shall not be viewed as a vested right and shall be determined based on a case-by-case assessment of each development proposal and the public interest served by the proposal.

In no case shall any lot be permitted that is less than ~~7,000~~ **8,000** square feet in area.

#### **Planner Remarks.**

- The *average lot size* per single-family residence in the approved Final Plat of the Glen at Pewaukee Lake is 8,509 sq. ft. and the smallest lot is 7,000 sq. ft. in area. The *average lot area* in this plat is >8,509 sq. ft.
- The *average lot size* per single-family residence in the approved Preliminary Plat of Riverside Preserve is 8,731 sq. ft. and the smallest lot is 7,150 sq. ft. in area. The *average lot area* in this plat is >8,731 sq. ft.
- Existing R-5 Single-Family Residential District requires minimum 10,500 sq. ft. per lot.

- A typical lot depth in both The Glen at Pewaukee Lake and Riverside Preserve plats is approximately 115 feet. Each additional 4.4 feet of lot width would add approximately 500 sq. ft. to a lot.
- Recommend that if any changes are to be made, the new requirements be applicable only to any new preliminary plat, condominium or other land division under this Residential Infill-Redevelopment Overlay District. This would prevent lots in the existing, approved plats from becoming legal nonconforming.

(Ord. No. 2020-14, § I(40.006), 10-20-2020)

<sup>1</sup> (i.e. Average lot area means the total square footage of the underlying buildable project area, net of all public or private roads/ the total number of lots proposed)

### **Sec. 40.367.6. Lot width.**

Individual lot widths in this district shall be flexible and subject to the village's review/approval within the context of the overall project plan.

(Ord. No. 2020-14, § I(40.007), 10-20-2020)

### **Sec. 40.367.7. Setbacks and yards.**

Setbacks and yards in the residential infill-redevelopment overlay district shall be as follows:

*Setback:* All principal structures shall be setback not less than 25 feet from any public right-of-way.

*Sideyard:* The principal residence structure, including any attached garage elements, and detached garages, shall be offset from the side lot lines by not less than ~~ten~~ **fifteen (15)** feet on one side and not less than ~~zero~~ **five** feet on the other side. Principal residence structures including any attached garage elements and permitted detached garages may adjoin (share a common wall) along one side in accordance with this sideyard offset schedule provided such buildings are properly designed and approved by the building inspector as to all applicable building and/or fire safety code standards.

#### **Planner Remarks.**

- Existing R-5 Single-Family Residential District requires 10-foot minimum sideyard offset.
- As written, this Section 40.367.7 intentionally provides an option/incentivizes the separation of buildings, each onto a lot of it's own and emoting the single-family detached housing style of neighborhood, vs going with the otherwise permitted zero foot offset/shared wall housing design type.
- See the sentence directly below.

Any detached principal residence structure and any detached garage structure that does not share a common wall with an adjoining principal building shall maintain not less than five-foot side yard offsets.

*Rearyard:* All buildings shall be offset from the rear lot line by not less than 20 feet.

(Ord. No. 2020-14, § I(40.008), 10-20-2020)

### **Sec. 40.367.8. Minimum open space ratio.**

The minimum required open space area shall be ~~25~~ **30** percent for all lots.

#### **Planner Remarks.**

- Existing R-5 Single-Family Residential District requires minimum 30% open space ratio.

(Ord. No. 2020-14, § I(40.009), 10-20-2020)

### **Sec. 40.367.9. Maximum building coverage ratio.**

The combined total first floor area coverage of all buildings on a lot shall not exceed 35 percent.

(Ord. No. 2020-14, § I(40.010), 10-20-2020)

### **Sec. 40.367.10. Building height.**

- (1) The height of any dwelling unit in the residential infill-redevelopment overlay district shall not exceed 42 feet
- (2) The height of accessory structures shall not exceed 15 feet or the width of the structure, whichever is less.

(Ord. No. 2020-14, § I(40.011), 10-20-2020)

### **Sec. 40.367.11. Dwelling standards.**

Single-family dwellings within the residential infill-redevelopment overlay district shall have a 1,100 square foot minimum living area measured from the outside of exterior walls (and excluding basements, open porches, breezeways, garages and other spaces that are not used frequently or during extended periods for living, eating or sleeping purposes). Minimum area required on the first floor is 900 square feet.

(Ord. No. 2020-14, § I(40.012), 10-20-2020)

### **Sec. 40.367.12. Procedure.**

- (1) Procedure for residential infill-redevelopment overlay district processing/approval shall in accordance with chapter 40, article X. and XI of the Village of Pewaukee Code and also:
  - a. *Pre-application conference.* Prior to official submittal of an application for approval of residential infill-redevelopment overlay district project plan, the owner or his agent making such application shall meet with the Village of Pewaukee staff to review/discuss the general concepts of the contemplated development plan.
  - b. *The application.* Following the pre-application conference, the owner or his agent may file an application with the planning commission for review and approval of a residential infill-redevelopment overlay district project plan including, among other things as may be required:
    1. A legal description of the boundaries of lands included in the proposed residential infill-redevelopment overlay district project plan.
    2. The location of public and private roads, driveways and parking facilities.
    3. The size, arrangement and location of all individual building sites and an approximate planned building footprint, paving and parking plan for each individual lot.
    4. The location of any areas proposed to be reserved or dedicated for public uses such as parks and stormwater management areas.
    5. The type, size and location of all proposed structures.
    6. General landscaping treatment.
    7. Architectural plans, elevations and perspective drawings and sketches illustrating the exterior design and character of proposed structures.
    8. The existing and proposed location of public sanitary sewer, storm sewer, and water supply facilities as well as other utilities such as gas, electric, fiber optic, ... and similar.
    9. The existing and proposed location of all easements.
    10. Characteristics of soils related to contemplated specific uses.
    11. A topography topographic map of the site with contours at no greater than two foot intervals based upon National Geodetic Vertical Elevation.
    12. Anticipated and existing uses of adjoining lands.
    13. If the development is to be staged, a staging plan.
    14. Environmental areas (i.e., wetlands, floodplains, environmentally sensitive/conservancy area and similar).

15. The village planning commission and village board may permit waiver or modification of the ordinarily required public and private improvements such as, but not necessarily limited to, street cross-section standards including sidewalk and terrace requirements, street lighting and street tree requirements, and similar... as part of a proposed redevelopment project plan provided the village shall find that in doing so, the public health, safety and welfare is not diminished as a result and further provided that the village shall have determined that, as a practical matter, the redevelopment project may not be viable without such waiver or modification.
  
- (2) Procedures for conditional uses under this residential infill-redevelopment overlay district and/or uses permitted in the underlying zoning district shall be in accordance with the requirements set forth in chapter 40, article V of the Village Code and/or the underlying base zoning district requirements respectively.

(Ord. No. 2020-14, § I(40.013), 10-20-2020)

### **Sec. 40.367.13. Land divisions.**

Any proposed land division which is part of the proposed residential infill-redevelopment overlay district project plan shall be subject to the requirements of article X of this chapter.

(Ord. No. 2020-14, § I(40.014), 10-20-2020)

Re: Agenda Item 8b, Discussion and Possible Action Regarding Closing Village Hall Monday, July 3, 2017

---

### **BACKGROUND**

Staff is interested in receiving feedback from the Village Board on the option of closing Village Hall on Monday, July 3<sup>rd</sup> if staff were to use available paid time off to cover the time off – the Village Board is not being asked to consider granting this day as an additional holiday.

### **ACTION REQUESTED**

The action requested of the Village Board is to consider allowing the Village Hall/Police Department building to be closed on Monday, July 3<sup>rd</sup> provided employees use available paid time off to cover their time off. As with every day, the Police Department would have sworn officers on duty.

### **ANALYSIS**

At this time, on the administrative side, all five staff are interested in taking the day off as a paid day off. Practically speaking, a minimum of two people are needed to staff the Village Hall/administrative side of the building.

Discussions with Chief Heier indicate that the administrative/clerical staff are also interested in both taking July 3<sup>rd</sup> off as a paid day off. The Police Department has been able to function with one administrative/clerical staff during the day and weekend activity may determine that administrative staff may need to be present for the preparation of reports for processing with the District Attorney's Office.

Preliminary discussions with Director of Public Works Dan Naze indicate that two utility employees may need to come in for scheduled maintenance at the main lift station as well as there may be a need for some staff to come in to clear the beach.

Re: Agenda Item 8C, Discussion and Direction on Regular "Class B" Liquor License and "Class B" Reserve Licenses Related to State Quota Limits

---

### **BACKGROUND**

The Village Board currently has 10 regular "Class B" (combination Beer and Liquor licenses) licenses and 7 reserve licenses. At a prior Village Board meeting the topic of reserve licenses was discussed and direction was given to staff to research if the Village was due an additional license. One reserve license can be added for an increase in the population of over 500. After reviewing this matter, it does not appear that the Village has not yet met the qualifications for an additional license.

Staff researched the number of licenses from 1998 through current and found that the number of licenses issued had increased over time. The State of Wisconsin has statutes regarding the number of "Class B" licenses a municipality is allowed but they (WI DOR) do not keep records of the number of "Class B" licenses a municipality is allowed to have at any one time. It is the burden of the Municipality to prove the number of allowable licenses. During the research process, I reached out to a past Village Clerk for background information. She offered information with the following information given:

- a. She offered information, stating that surrounding Municipal Clerks collaborated and 'trued up the number' based on the 2010 census numbers.
- b. She recalled performing the calculation from 1939 and stated she knows the number they came up with was correct based on the 2010 census population.
- c. The next look at adding licenses was planned to be after the 2020 census. The 2010 census number was 8,166 and the 2020 census showed 8,238.
- d. Due to the census numbers, no increase would be given due to the census numbers not proving that an increase of over 500 had been made.

At this time, adding a reserve license due to a population increase does not seem to be a viable option at this time. [Sect 125.51\(4\)](#) speaks to Quotas on "Class B" licenses.

### **Action Requested:**

Staff is seeking direction from the Village Board as to whether the Board desires to ask surrounding communities if they would be willing to sell the Village of Pewaukee reserve license(s).

### **Analysis:**

As noted above, it does not appear the Village has met the population change requirement to qualify for an additional "Class B" alcohol license. The DOR has fact sheets that give good information regarding the process for acquiring additional reserve licenses. Click [here](#) to view.

Re: Agenda Item 8d, Discussion and Direction on Email Newsletter Options

---

### **BACKGROUND**

The Village Board has expressed that they would like to generate a newsletter to send to those who subscribe.

### **Option 1**

ProActive Design will select and set up a third-party vendor to distribute a newsletter to subscribers. The cost to set up and create the template is about \$300. The quote includes a setup to create and push out Important Info/Reminders to subscribers. This would be helpful for certain Village events such as elections, hydrant flushing, yard waste hours, etc. The annual cost of the newsletter program is driven by the number of subscribers (shown below), therefore as the subscriber lists continue to grow so does the cost.

#### **Prices related to the number of subscribers**

0-500 \$9.99/mo.	5,001-10,000 \$80/mo.	20,001-25,000 \$155/mo.
501-2,500 \$35/mo.	10,001-15,000 \$105/mo.	25,001-30,000 \$180/mo.
2,501-5,000 \$55/mo.	15,001-20,000 \$130/mo.	

This option does have the ability for non-subscribers users to view the current and past newsletters on our website. The ability to place the newsletter on our website requires an upgraded subscription of \$5.00 per month or an extra \$60 per year. The estimated cost for the first year is roughly \$425 - \$1,320.

### **Option 2**

Staff currently creates a quarterly "Village of Pewaukee News" insert to include with all utility bills. This is a one-page document that gives important future dates/information. The cost is associated with the number of pages in addition to the utility bill. The cost per page is \$0.15 per page currently costing us \$323.00 per quarter (\$1,292 per year) for a 2-sided page. This is a viable option to send out newsletters to all utility customers; however, not all residents receive utility bills (i.e. some condominiums and apartments). Attached is a sample of what has been provided to all utility customers since 2<sup>nd</sup> quarter of 2022.

**Action Requested:**

Staff is seeking possible action on moving forward with one of the options Village of Pewaukee's Newsletter creation and setup.

**Analysis:**

The Village Board shall give direction/possible action and how to proceed with the quote regarding an electronic newsletter sent to all subscribers.

The current website storage is 1.5 GB and after the website grows over 5GB additional storage space would be required which also demands an increase in price. This is just something to note for the future of the website expenses.

# KEEPING YOU IN "THE KNOW" .....

**06/30/2022- Water Quality Report**- also known as, Consumer Confidence Report (CCR). A hard copy is available upon request, otherwise, please visit our website for the full report under- For Residents/Treasurer/CCR.

**07/26/2022- Absentee Voting Starts**- In person absentee voting will remain at Village Hall starting July 26<sup>th</sup> through August 5<sup>th</sup>.

**08/09/2022- Elections**- starting in August, all Village residents vote at Waukesha County Technical College (S Bldg) 800 Main St. on Election Day.

**09/28/2022- Yard Waste/Recycling Center**- last Wednesday the Center is open for 2022.

**10/10/2022- Utility Bill Changes Coming**- Currently service dates differ between the various services/utilities. The Utility is streamlining the dates as follows.

SERVICE	Quarter 3	Quarter 4
~Private/Public Fire Protection ~Sewer/Water ~Storm Water ~Transportation	7/01 - 9/30	10/01 - 12/31
~Refuse (paid in advance)	11/01 - 12/31	01/01 - 03/31

The 3<sup>rd</sup> quarter bill will include this transition period to align service dates.

- ❖ Transportation and Stormwater utilities will remain the same.
- ❖ Includes one additional month of the water service charge.
- ❖ Includes one additional month of water & sewer usage (6/01)
- ❖ There will be no charge for Public or Private Fire Protection.
- ❖ Refuse charge will be reduced by one month (\$42/3 = \$14/mo)

Due dates for Utility bills will not be changing, however, the billing date (mailing) will be the 10<sup>th</sup> of the month prior to the due date.

**10/24/2022- 1<sup>st</sup> Round of Leaf Pick up starts**- leaves must be curbside no later than **7 a.m. on the 24<sup>th</sup>**. Check the Village website for updates- dates subject to change due to weather.

**COMING SOON..... NEW** Utility Portal with online payment options for credit card and ACH availability, as well as, a paperless opportunity! Check our website for updates throughout July for more details.

The Village of Pewaukee is transitioning to a new payment platform which offers more manageable fees and payment options for our residents.

Transactions	Transaction Type	Fee
Licenses, Permits, Citations, Invoices- <u>excluding</u> Utility Payments	Visa, MC, Amex, Discover	** 2.75%
Utility Only	Visa, MC, Amex, Discover (credit/debit cards)	Flat \$2.75
All transactions <u>including</u> Utility Payments	E-Check- per transaction	Flat \$0.65
E-Check (non-debit/credit transactions)	Returned Check Fee	\$40.00

\*\* Minimum of \$1.00 fee per item charged on all transactions \$50.00 or below.

Re: Agenda item 8e. Proposal for Engineering Services, 1010 Quinlan Drive Water Reservoir Rehabilitation

The 200,000 gallon water reservoir at 1010 Quinlan Drive was constructed in 1996, and other than modifications for cellular communications, I believe the primary structure is original and has received no coating replacements, safety enhancements, or structural maintenance. A full inspection performed in 2009 recommended an overcoat and other maintenance at that time, however that opportunity aged out years ago. Dixon Engineering was retained to conduct reservoir inspections during 2021 and recommended a full interior and exterior blast and recoat. A summary of the 2021 inspection is attached. A complete inspection report is incorporated in the Water System Master Plan, available on the Village web site. This project is included in the Village infrastructure Capital Improvement Plan.

I requested a proposal for engineering services from Dixon Engineering, for providing design, bidding, and specialty construction inspection services for the complete rehabilitation of coatings and other safety and mechanical components of the structure. The services provided would include developing the technical specifications, bidding and contract documents, bid opening attendance and tabulation of bids, preconstruction meeting, project coordination, welding observation, wet interior, exterior, and dry interior coating observation, piping and one year remotely operated vehicle warranty inspection.

Cellular carriers will need to be informed of the project as soon as a likely schedule is developed. The Agreements require 45-day notice, but do not explicitly specify removal from the structure. Instead, the Village is required to bid the work with and without the facilities on the tank. The terms do not specify that facilities remain functional upon their temporary removal. Removal will certainly quicken blasting and re-coating, and provide a better finished product. Additionally, staff believe it is prudent to submit a project request for approval to the Public Service Commission, since the cost estimate is close to the PSC water project review cost threshold, and their review periods may be significant.

The Agreement draft provided by Dixon Engineering has been reviewed by myself and Attorney Blum, and comments for revisions have been made to them.

I recommend that the Village enters into a Professional Services Agreement with Dixon Engineering, Greenfield, Wisconsin, for a service fee estimated at \$49,850, for engineering services as detailed above, following revisions to the draft Agreement as provided by the Village.

*Excerpt from Dixon Engineering 2021 inspection*

**CONCLUSIONS:**

1. The exterior coating is a urethane system. The coating is in good to fair condition overall. Coating deterioration includes spot failures to the substrate with rust undercutting, topcoat delamination, and erosion. There are numerous coating failures on the basebell and roof.
2. The dry interior coating is an epoxy system. Coating deterioration includes spot failures to the substrate and rust bleedthrough. Most of the failures are on the topside of the platforms, transition cone, and access tube.
3. The wet interior coating is an epoxy system. Below the high-water level coating deterioration includes spot failures to the substrate with rust undercutting and topcoat delamination on the bowl and sidewall. Above the high-water level coating is deteriorating at the roof panels.

**RECOMMENDATIONS (GENERAL AND IMMEDIATEWORK):**

Annually inspect the roof vent, hatches, and any other health or security items on the structure. The work could be performed by in-house personnel or contracted as part of a regular maintenance program.

Schedule regular cleanings and inspections of the tank by an independent third party once every five years as recommended by AWWA.

1. Continue to maintain the cathodic protection system. The cost would be dependent on your contract with your cathodic vendor.

**RECOMMENDATIONS (IMMEDIATEWORK TOMEETWISCONSIN DNR REQUIREMENTS):**

The Wisconsin DNR may allow some of the required changes to be delayed until the next paint project. These items are listed as immediate work since they are currently out of compliance.

1. Modify the overflow pipe discharge so it points downward and so the air gap is 12 to 24 inches to bring it into compliance with current Wisconsin DNR requirements. The estimated cost is \$2,000.
2. Install a gasket on the wet interior roof hatch to meet current Wisconsin DNR requirements. The cost would be incidental to the next painting project or could be performed by in-house personnel.
3. Replace the roof vent with a pressure vacuum vent to meet current Wisconsin DNR requirements. The estimated cost is \$6,000.

**RECOMMENDATIONS (WITH THE NEXT PAINT PROJECT):**

Complete the recommended work in one to two years. The repairs and upgrades should be completed during the next major tank rehabilitation project when coating repairs are made.

1. Abrasive blast clean the exterior inside a dust tight containment system and repaint with a urethane system. The estimated cost is \$140,000 plus \$100,000 for containment.
2. Spot abrasive blast clean the topside of the platforms, the entire access tube, transition cone, and other spot coating failures in the dry interior. Spot repaint all prepared surfaces with an epoxy coating system. The estimated cost is \$30,000.
3. Abrasive blast clean the entire wet interior and repaint with an epoxy system. The estimated cost is \$75,000.
4. Abrasive blast clean the pit piping and repaint with an epoxy system. The estimated cost is \$5,000.
5. Recoat the foundation to help prevent deterioration. The cost would be incidental to exterior painting.
6. Install a painter's railing outside the existing roof handrail. The estimated cost is \$6,000.
7. Install rigging couplings on the roof for temporary fall prevention of workers in the wet interior. The cost would be incidental to the next painting project.
8. Remove all antennas and antenna cables prior to abrasive blast cleaning and repainting. The cost is assumed to be the responsibly of the antenna owners.
9. Install a handhold at the wet interior roof hatch, access tube roof hatch, and painter's (bird) hatch. The handhold would assist the climber while entering and exiting the openings. The cost would be incidental to the next painting project.
10. Install a rigging lug on the transition cone above the top platform opening. The cost would be incidental to the next painting project.
11. Install a mud valve in the bottom of the tank. The estimated cost is \$5,000.

i. PEWAUKEE will notify U. S. CELLULAR at least forty-five (45) days in advance of the date when the Tower is scheduled to be painted. PEWAUKEE will obtain bids for such work and the following terms will be used to address the impact of the antenna facility on the cost of painting the Tower: the painting contractor will bid on the cost of painting the Tower without the Antenna Facility; the contractor will then bid on the cost of painting the Tower with U. S. CELLULAR's antennas left in place; the contractor will then proceed to paint the Tower with U. S. CELLULAR's antennas left in place; U. S. CELLULAR will reimburse PEWAUKEE for the difference between the two bids within thirty (30) days of receipt by U. S. CELLULAR of a detailed invoice for same.

49) Same.

50) The access tube ladder is in good condition. The ladder is equipped with a fall prevention device.

51) Coating failures on the wet interior roof.

52) Same.

53) Same.

54) The wet interior sidewall coating is in poor condition overall.

Re: Agenda Item 8f, Update on Fire and EMS Fee Research

---

**BACKGROUND**

Trustee Rohde asked that this matter to be on the agenda for a general status update for the Village Board.

**ACTION REQUESTED**

This matter is on the agenda for a status update for the Village Board.

**ANALYSIS**

Staff is currently utilizing the methodology referenced in by the City of Delafield for defining an Emergency Service Equivalent (ESE) as the basis of the fee. Under this methodology, a single-family home and a residential condominium (each unit) would each constitute one (1) ESE. A residential duplex would be two ESE units and residential apartments would be 0.5 ESE for each apartment. All other uses, including office, business, industrial, commercial, public, tax exempts, and other non-residential uses would have ESE units assigned based on building square footage with the number of ESE units increasing based on the increasing size of a building.

Additionally, staff is in the process of reviewing the property listing for the Village for a first look and will go through the tax roll listing a second time for verification. Another staff member will then be asked to review the information as a double-check. The concept is that once the total number of ESEs has been calculated for all structures in the Village, a per ESE amount can be determined by dividing the cost for Fire/EMS services by the total number of ESEs to determine the single-family ESE fee.

Trustee Rohde will also provide a brief update on the status of meetings for the fire/EMS discussions with the City.
