

VILLAGE OF PEWAUKEE UTILITIES (checks payable to)

As of March 1, 2022, increased water rates went into effect after a thorough cost study was conducted by the Public Service Commission. The Village has not had a water rate increase since 1996. An increase allows the Village to continue to invest in the utility infrastructure that provides safe and reliable drinking water.

Please see www.villageofpewaukee.com, under the "For Residents" tab, select *Utility Information* for more information or call (262) 691-5660.
