

## SEWER DEDUCT METER REQUEST

NAME: \_\_\_\_\_

SERVICE ADDRESS: \_\_\_\_\_

UTILITY ACCOUNT #: \_\_\_\_\_

This form is to request the installation of a utility owned sewer deduct meter at the above stated service address. Please initial the following:

\_\_\_\_\_ I understand I am responsible for the quarterly sewer deduct service charge applicable to my meter size.

\_\_\_\_\_ I understand this meter does not exempt me from paying for water used, rather it reduces the number of gallons charged for sewer.

\_\_\_\_\_ I understand this is not a seasonal meter and will not be removed/reinstalled seasonally. This is a year-round quarterly charge.

\_\_\_\_\_ I understand, should I no longer wish to have a sewer deduct meter in the future, a request for removal can be made, but the residence will not qualify for a sewer deduct meter for one full calendar year after removal. (ie. cancel in August 2023, eligible January 2025)

Please provide the following contact information for scheduling purposes.

If you do not use 5,000+ gallons per quarter for a sprinkler system, filling a pool, watering your lawn, washing your vehicles, etc. then this may not be beneficial to you.
